McLeod County Resources During COVID-19

McLeod County Health and Human Services maintains a list of resources to help residents

Glencoe, MN – To support McLeod County residents in this time of need, McLeod County Health and Human Services, your Local Public Health Agency, has established a centralized location on the County website for COVID-19 information and is providing several timely resource listings accessible by the public. Given this dynamic, evolving pandemic, and the limited availability of testing for the general public, the availability of accurate and timely information on COVID-19 is critical for McLeod County residents. For help with things like food, transportation, medication access, and mental health care resources, visit

<https://www.co.mcleod.mn.us/government/departments/administration/covid-19/index.php> .

This is a local resource listing that is updated as often as possible. If you cannot find the information you need, please call the Public Health office at 320-864-3185.

The McLeod County COVID-19 Information Line is available 24/7 at 320-484-4369. Updates on the Information Line are recorded in both English and Spanish. Questions specific to COVID-19, such as those about symptoms or getting tested, should be directed to the Minnesota Department of COVID-19 State Hotlines. Interpreters are available. For health questions contact 651-201-3920 or 1-800-657-3903 from 7 a.m. to 7 p.m. Questions about community mitigation (i.e. schools, child cares, businesses) should be directed to the State of Minnesota at 651-297-1304 or 1-800-657-3504 from 7 a.m. to 7 p.m.

Public Health staff are working diligently to identify local resources and continue to update the website as more information becomes available. If anyone is aware of additional resources that are not listed on the website please call the Public Health office at 320-864-3185.
