NOTES TO USERS

The map is for use in administering the National Flood Insurance Program. It does not reflect the true geometric or physical characteristics of the land. Users should be aware of the following:

1. This map is intended to provide a general overview of the floodplain and flood hazard areas. Further study of the map and other sources of information may be necessary in order to execute any development or construction.

2. The flood hazard areas shown on this map are based on a 1% annual chance floodplain. The boundaries and elevations shown are approximate.

3. The map is based on a single aerial photography date of 2010 or later. Additional flood hazard areas may be present between the dates of the photography.

4. The boundaries and elevations shown on this map are subject to change due to modifications in the floodplain.
